

COMMUNITY DEVELOPMENT REFLECTIVE PRACTICE RETREAT

JUNE 19TH-21ST

HOSTED BY COMMUNITY PRACTIS COOPERATIVE
AT CAMPFIRE IN THE HEART

EVENT DETAILS

Community, when healthy, fosters a sense of belonging, a place of connection, a space of joining and a place of solidarity. How do we as citizens and workers support, weave and create community so it is a place that is welcoming, thriving and inclusive?

Join us for this three-day retreat to learn the art and method of participatory community development, a practice that provides guidance and support in building essential skills in community processes for both citizens and professionals.
